Start With Medicare Basics

Review the basics to make sure this plan is a good fit

Original Medicare is provided by the federal government and covers some of the costs of hospital stays (Part A) and doctor visits (Part B), but doesn't cover everything. It does not include prescription drug coverage (Part D). Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D. Depending on your needs, you may want to add on more coverage.

Original Medicare – Provided by the federal government

Part A
Helps pay for hospital stays and inpatient care

Part B
Helps pay for doctor visits and outpatient care

Medicare Made ClearTM brought to you by UnitedHealthcare®

This is a Medicare Advantage Part C Preferred Provider Organization (PPO) plan

Your plan is a Preferred Provider Organization (PPO) plan that includes the nation's largest health care network¹. With this plan, you have access to a local network of doctors and hospitals, plus access to care across the country at in-network costs when you see doctors in the UnitedHealthcare Medicare National Network².

You can also see any provider outside the network nationwide that participates in Medicare and accepts the plan. You may pay a higher copay or coinsurance when you see an out-of-network provider.

Here's how your PPO plan works

Select a primary care provider (PCP) from the network.

It's important to select a PCP from the network in your plan's service area when you enroll. However, you are not limited to this PCP. You can visit any PCP in or out of the network. Your PCP can oversee and help manage your care, but you don't need referrals from your PCP to see in- or out-of-network doctors.

You have coverage for emergency care.

Emergency Services and Urgently Needed Services are covered no matter where you go.

There's an out-of-pocket spending limit each plan year.

Once you reach that limit, the plan pays 100% of the future costs for Medicare-covered services.

You have flexibility in provider choice

The chart below shows what happens when you use network versus out-of-network resources with this plan.

	In-Network	Out-of-Network
Will the doctor or hospital accept my plan?	Yes	Providers have the choice to accept the plan.
Does this plan require a referral to see a Specialist or other providers?	No	No
What will I pay for covered services?	You pay your plan copay or coinsurance.*	You may pay a higher copay or coinsurance.

There's a Medicare Part D Late Enrollment Penalty

Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D.

¹ Networks vary by market.

² Exclusions may apply.

^{*}Plan copay or coinsurance amounts apply. You can find a complete listing of network providers and facilities within your plan on our website. Please refer to the Summary of Benefits and Benefit Highlights for more complete plan information.

Are you eligible for this plan?

You are eligible for a Medicare Advantage plan if:

² For 2021, this plan participates in the Insulin Senior Savings Program which offers lower, stable, and predictable out of pocket costs for covered insulin through the different Part D benefit coverage stages. You will pay a maximum of \$35 for a 1-month supply of covered insulin during the deductible, initial coverage and coverage gap or "donut hole" stages of your benefit. You will pay 5% of the cost of your covered insulin in the catastrophic stage. Your cost maybe less if you receive Extra Help from Medicare.

Your Drug Plan Coverage and Costs

Make sure your drugs are covered

Find out if your prescription drugs are covered by checking the Drug List (Formulary) in this Enrollment Guide or the online Formulary at **AARPMedicarePlans.com**.

Know how much your drugs will cost

The amount you pay for your drug depends on 4 factors: what tier the drug is covered in, where you are within the drug payment stages, where you purchase the drug, and whether or not you have Extra Help.

Understanding drug tiers

Many plans group covered drugs together by cost. These groupings are called tiers. Generally, the lower the tier, the less you'll have to pay.

Drug List (Formulary) Tiers

Note: Not all generic drugs are low cost. There are generic drugs in each tier. Check the drug list for the tier of your specific generic drug.

Your Part D prescription drug costs

With Medicare Part D prescription drug coverage, the amount you pay for prescriptions may change over the year. Here's why:

- Part D plans may have 4 drug payment stages: annual deductible, initial coverage, coverage gap (also known as the donut hole) and catastrophic coverage.
- The amount of money you pay changes depending on the stage you are in.
- Many people never make it further than the initial coverage stage. If you take a lot of medications, especially high-cost medications, you may move into the next stages.
- The pharmaceutical industry may increase the price of drugs at any time in a plan year and pricing for drugs may vary across pharmacies in the network.
- The coverage cycle starts over again on January 1 each plan year.
- *For 2021, this plan participates in the Insulin Senior Savings Program which offers lower, stable, and predictable out of pocket costs for insulin through the different Part D benefit coverage stages.

Get your prescriptions delivered to your door

✓ Stable, predictable insulin copays

For 2021, this plan participates in the Insulin Senior Savings Program which offers lower, stable, and predictable out of pocket costs for insulin through the different Part D benefit coverage stages.

✓ Try OptumRx® home delivery

You could pay a \$0 copay for a 90 day supply of Tier 1 and 2 medications by using home delivery from OptumRx, our preferred mail service pharmacy.

OptumRx will send the prescriptions you take regularly right to your door with no cost for standard shipping. Save time by registering online at **OptumRx.com** to order new prescriptions, request refills and more.

Consider generic drugs

Many commonly used prescription drugs have a generic form. Ask your doctor if your drugs are available as generics and if they would be appropriate for you. Then search for the generic versions at **AARPMedicarePlans.com** to determine your potential savings.

✓ Use lower-tier drugs

Prescription drugs are grouped into 5 tiers. In general, drugs in lower tiers have lower costs. If your drug is in a higher, more expensive tier, ask your doctor if there is a cheaper alternative that could work for you.

Get Extra Help

People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay for 75% or more of your drug costs including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, those who qualify won't have a coverage gap or a late enrollment penalty. Many people qualify for these savings and don't even know it. For more information about this Extra Help, contact your local Social Security office, or call Social Security at **1-800-772-1213**. TTY users should call **1-800-325-0778**. You can also apply for Extra Help online at **socialsecurity.gov/prescriptionhelp**.

OptumRx is an affiliate of UnitedHealthcare Insurance Company. You are not required to use OptumRx home delivery for a 90-day supply of your maintenance medication.

\$0 copay may be restricted to particular tiers, preferred medications, or home delivery prescriptions during the initial coverage phase and may not apply during the coverage gap or catastrophic stage.

UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. You do not need to be an AARP member to enroll. AARP encourages you to consider your needs when selecting products and does not make specific product recommendations for individuals.

The pharmacy network may change at any time. You will receive notice when necessary.

^{*}Providers are paid based on Maximum Allowable Charge (MAC). You may be billed by the out-of-network provider for any amount greater than the payment made by the plan to the provider or any services not covered by the plan. Generally, an out-of-network provider will submit a claim on your behalf. If your provider does not submit the claim on your behalf and you pay for out-of-network services, please call the number on the back of your UnitedHealthcare ID card for assistance on how to submit your request for reimbursement.

Exclusions may apply:

- 1. Services performed by an out-of-network dentist if your plan does not have out-of-network coverage.
- 2. Dental services that are not necessary.
- 3. Hospitalization or other facility charges.
- 4. Any dental procedure performed solely for cosmetic and/or aesthetic reasons.
- 5. Any dental procedure not directly associated with a dental disease.
- 6. Any procedure not performed in a dental setting.
- 7. Reconstructive surgery of any type, including reconstructive surgery related to a dental disease, injury, or congenital anomaly.
- 8. Procedures that are considered experimental, investigational or unproven. This includes pharmacological regimens not accepted by the American Dental Association Council on dental therapeutics. The fact that an experimental, investigational or unproven service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in coverage if the procedure is considered to be experimental, investigational or unproven in the treatment of that particular condition.
- 9. Service for injuries or conditions covered by workmen's compensation or employer liability laws, and services that are provided without cost to the covered persons by any municipality, county, or other political subdivision. This exclusion does NOT apply to any services covered by Medicaid or Medicare.
- 10. Expenses for dental procedures begun prior to the covered person's eligibility with the plan.
- 11. Dental services rendered (including otherwise covered dental services) after the date on which individual coverage under the policy terminates, including dental services for dental conditions arising prior to the date on which individual coverage under the policy terminates.

- 12. Services rendered by a provider with the same legal residence as a covered person or who is a member of a covered person's family, including a spouse, brother, sister, parent or child.
- 13. Charges for failure to keep a scheduled appointment without giving the dental office 24 hours' notice.
- 14. Any services not listed above are not covered.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in these plans depends on the plan's contract renewal with Medicare. UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. You do not need to be an AARP member to enroll in a Medicare Advantage or Prescription Drug Plan. AARP and its affiliates are not insurers. AARP encourages you to consider your needs when selecting products and does not make specific product recommendations for individuals.

The provider network may change at any time. You will receive notice when necessary.

Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Summary of Benefits

January 1st, 2021 - December 31st, 2021

The benefit information provided is a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. The Evidence of Coverage (EOC) provides a complete list of services we cover. You can see it online at www.AARPMedicarePlans.com or you can call Customer Service for help. When you enroll in the plan you will get information that tells you where you can go online to view your Evidence of Coverage.

About this plan.

AARP Medicare Advantage Choice (PPO) is a Medicare Advantage PPO plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live within our service area listed below, and be a United States citizen or lawfully present in the United States.

Our service area includes these counties in:

Texas: Brazoria, Fort Bend, Galveston, Harris, Liberty, Montgomery.

Use network providers and pharmacies.

AARP Medicare Advantage Choice (PPO) has a network of doctors, hospitals, pharmacies, and other providers. With this plan, you have the freedom to enjoy nationwide access to care at innetwork costs when you visit any provider participating in the UnitedHealthcare® Medicare National Network (exclusions may apply). Plus, you have the flexibility to visit any provider nationwide who accepts Medicare. You may pay a higher copay or coinsurance when you see an out-of-network provider. When looking at the following charts you'll see the cost differences for network vs. out-of-network care and services. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to www.AARPMedicarePlans.com to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered, and if there are any restrictions.

Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Customer Service Representative at the number listed on the back cover of this book.

Understanding the Benefits

Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copays/coinsurance may change on January 1 of each year.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you may pay a higher copay for services received by non-contracted providers.

Required Information

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies. A Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in these plans depends on the plan's contract renewal with Medicare. UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. 2020 Medicare Star Ratings*

UnitedHealthcare - H1278

The Medicare Program rates all health and prescription drug plans each year, based on a plan's quality and performance. Medicare Star Ratings help you know how good a job our plan is doing. You can use these Star Ratings to compare our plan's performance to other plans. The two main types of Star Ratings are:

- 1. An Overall Star Rating that combines all of our plan's scores.
- 2. Summary Star Rating that focuses on our medical or our prescription drug services.

Some of the areas Medicare reviews for these ratings include:

How our members rate our plan's services and care;
How well our doctors detect illnesses and keep members healthy;
How well our plan helps our members use recommended and safe prescription medications.

For 2020, UnitedHealthcare received the following Overall Star Rating from Medicare.

Plan too new to be measured

We received the following Summary Star Rating for UnitedHealthcare's health/drug plan services:

Health Plan Services: Plan too new to be measured

Drug Plan Services: Plan too new to be measured

The number of stars shows how well our plan performs.

```
★ ★ ★ ★ ★ 5 stars - Excellent
★ ★ ★ ★ 4 stars - Above Average
★ ★ 3 stars - Average
★ ★ 2 stars - Below Average
```

★ 1 star - Poor

Learn more about our plan and how we are different from other plans at **www.medicare.gov**. You may also contact us 7 days a week from 8:00 a.m. to 8:00 p.m. Local time at **800-555-5757** (toll-free) or **711** (TTY).

Current members please call 800-643-4845 (toll-free) or 711 (TTY).

^{*}Star Ratings are based on 5 Stars. Star Ratings are assessed each year and may change from one year to the next.

Drug List

Drug List

This is a complete alphabetical list of prescription drugs covered by the plan as of September 1, 2020. This list can change throughout the year. Call us or go online for the most up-to-date information. Our phone number and website are listed on the back cover of this book.

□ Brand name drugs are in bold type. Generic drugs are in plain type
 □ Your plan may have an annual prescription deductible
 □ Covered drugs are placed in tiers. Each tier has a different cost

 Tier 1: Preferred generic
 Tier 2: Generic
 Tier 3: Preferred brand
 Select Insulin Drugs*
 Tier 4: Non-preferred drug
 Tier 5: Specialty tier

□ This plan participates in the Insulin Senior Savings Program*. You will pay a maximum of \$35 for a 1-month supply of insulin during the deductible, initial coverage and coverage gap or "donut hole" stages of your benefit. You will pay 5% of the cost of your insulin in the catastrophic stage. Your cost may be less if you receive Extra Help from Medicare.
 □ See the Summary of Benefits in this book to find out what you'll pay for these drugs

□ Some drugs have coverage requirements, such as Prior Authorization or Step Therapy. For more information, please contact us or view the complete drug list on our website

Additional Covered Drugs

Your plan has additional coverage for the prescription drugs listed below. These drugs are not normally covered in a Medicare Advantage plan with prescription drug coverage. The amount you pay when you fill prescriptions for these drugs does not count toward your total drug costs. This means, the amount you pay doesn't help you qualify for catastrophic coverage. Also, if you're receiving Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs.

Drug Name	Drug Tier	Restrictions
Vitamins		
Folic Acid (1mg tablet)	2	
Cyanocobalamin (1000mcg/ml vial)	2	
Ergocalciferol (50000mcg capsule)	2	
Erectile Dysfunction		
Sildenafil (25mg tablet)	2	Maximum of 4 tablets per 30 days
Sildenafil (50mg tablet)	2	Maximum of 4 tablets per 30 days
Sildenafil (100mg tablet)	2	Maximum of 4 tablets per 30 days

Alternative Covered Drugs

Your plan has a long list of covered drugs, but it doesn't cover all drugs. Drugs not covered by your plan typically have alternative drugs that can be used instead. This is a **partial** list of drugs that aren't covered and the alternative covered drug.

Talk with your doctor or pharmacist to see if the alternative drugs listed here are appropriate for you.

Medicare Advantage Plans (Part C) and Cost Plans

Medicare Health Maintenance Organization (HMO) — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

Medicare HMO Point-of-Service (HMO-POS) Plans — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. HMO-POS plans may allow you to get some services out of network for a higher copayment or coinsurance.

Medicare Preferred Provider Organization (PPO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors, providers and hospitals but you can also use out-of-network providers, usually at a higher cost.

Medicare Private Fee-For-Service (PFFS) Plan — A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

Medicare Special Needs Plan (SNP) — A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

Medicare Medical Savings Account (MSA) Plan — MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

Medicare Cost Plan — In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

Stand-alone Medicare Prescription Drug Plans (Part D)

Medicare Prescription Drug Plan (PDP) — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans, and Medicare Medical Savings Account Plans.

Other Related Products

Medicare Supplement (Medigap) Products — Insurance plans that help pay some of the out-of-pocket costs not paid by Original Medicare (Parts A and B) such as deductibles and coinsurance amounts for Medicare approved services.

Dental/Vision/Hearing Products — Plans offering additional benefits for consumers who are looking to cover needs for dental, vision, or hearing. These plans are not affiliated or connected to Medicare.

Hospital Indemnity Products — Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

2021 Enrollment Request Form

Please contact the plan if you need this information in another language or an accessible format (Braille).

☐ AARP Medicare Advantage Choice (PPO) H1278-014-000 - AO1

This is a Preferred Provider Organization (PPO) plan. It has a network of doctors, specialists, hospitals and other providers you can use. In some cases, you may get covered services from out-of-network providers. However, if you go to a provider within the network, the costs may be lower.

Select optional supplemental benefits in addition to what is included with your plan.

You can add the following benefit rider(s) for an extra cost. You can purchase the rider now while you are enrolling, or within 3 months after your effective date. If more than one Dental Rider is listed, please select only one. See the Summary of Benefits for more information, including costs.

PRIVACY ACT STATEMENT: The Centers for Medicare & Medicaid Services (CMS) collects information from Medicare plans to track beneficiary enrollment in Medicare Advantage (MA) or Prescription Drug Plans (PDP), improve care, and for the payment of Medicare benefits. Sections 1851 and 1860D-1 of the Social Security Act and 42 CFR §§ 422.50, 423.30 and 423.32 authorize the collection of this information. CMS may use, disclose and exchange enrollment data from Medicare beneficiaries as specified in the System of Records Notice (SORN) "Medicare Advantage Prescription Drug (MARx)", System No. 09-70-0588. Your response to this form is voluntary. However, failure to respond may affect enrollment in the plan.

Plans are insured through UnitedHealthcare® Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in the plan depends on the plan's contract renewal with Medicare. UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. AARP and its affiliates are not insurers. You do not need to be an AARP member to enroll. AARP encourages you to consider your needs when selecting products and does not make specific product recommendations for individuals.
