More choice and more guidance

When it comes to Medicare, one size does not fit all. That's why we offer a broad range of Medicare products, so you have options to fit your health care needs. Our experienced advisors and licensed sales agents will guide you through choosing the plan that's right for you.

Get the care you need

Whether it's a virtual appointment with your doctor, a 3 a.m. call with a nurse or a wellness visit in the comfort of your own home, we make it easier to connect you with care — when, where and how you need it, so you can stay on top of your health.

Renew, our health and wellness program

Renew can help by inspiring you to take charge of your health and wellness every day. It provides a wide variety of useful resources and activities — including brain games, healthy recipes, learning courses, fitness activities and more. All at no additional cost.³

¹Network size varies by plan and by market.

²Exclusions may apply.

Questions? We're here to help.

Start with Medicare basics

Know how Medicare works, then choose what works for you

Original Medicare is provided by the federal government. It offers coverage for:

Hospital stays and inpatient care. This is called Part A

Doctor visits. This is called Part B – you pay a monthly premium for it.

Original Medicare does NOT include prescription drug coverage

Prescription drug coverage. This is called Part D and is not included with Original Medicare. You are not required to enroll in a Part D plan when you first become eligible for Medicare. If you enroll in a Part D plan in the future, then you will pay a penalty equal to about 1% of the average monthly premium for each month you delayed enrollment. This must be paid monthly as long as you are enrolled in Part D.

Depending on your needs, you may want to add more coverage to Original Medicare

Additional coverage is offered by private insurance companies, such as UnitedHealthcare. You have a couple of different options to choose from:

Option 1: Enroll in a Medicare Advantage plan

Also called Part C

Extras

They combine Part A and Part B. Most
Medicare Advantage plans also include
Part D, so your hospital, medical and
prescription drug insurance is all in one plan

Some plans may include extra benefits not included with Original Medicare

Option 2: Add one or both of these to Original Medicare

Medicare Supplement

Helps pay for some of the costs not covered by Original Medicare

Medicare Part D plan

Helps pay for prescription drugs and helps you avoid that 1% penalty

Use this book to get familiar with and enroll in a Medicare Advantage plan. Speak with your agent if you are interested in a Medicare Supplement or stand-alone Part D plan.

Enroll in a Medicare Advantage Part C Regional Preferred Provider Organization (RPPO) plan

This plan gives you access to **more than one million network providers**¹ across the country—including top doctors and specialists—with no referrals needed. Take advantage of our national network for your plan's lowest out-of-pocket costs.

You can also see out-of-network providers nationwide if they accept Medicare, but keep in mind your costs may be higher.

Here's how this RPPO plan works

Emergency and urgently needed services are covered no matter where you go.

Select a primary care provider (PCP) from the network.

It's important to select a PCP from the network in your plan's service area when you enroll in the plan. However, you are not limited to this PCP. You can visit any PCP in or out of the network to oversee and help manage your care.

No referral is needed to see an in or out-of-network specialist or other provider.

You pay your plan copay or coinsurance when you visit a network provider*.

If you see a provider outside the network, your cost may be higher.

There's an out-of-pocket spending limit each plan year.

If you reach your limit the plan will pay 100% of your costs for Medicare-covered services for the rest of the year.

This plan includes prescription drug coverage.

¹Network size varies by market and exclusions may apply.

^{*}Plan copay or coinsurance amounts apply. You can find a complete listing of network providers and facilities within your plan on our website. Please refer to the Summary of Benefits and Benefit Highlights for more complete plan information.

Are you eligible to enroll in this plan?

You can enroll in a Chronic Condition Special Needs Plan (CSNP) if you're enrolled in Original Medicare Parts A and B and have diabetes, heart failure and/or a cardiovascular disorder. This plan helps connect you to people and services that can meet the health care needs of people with your condition. CSNP plans usually include routine foot care, routine vision and hearing coverage and care management services provided by a dedicated team of nurses. Our goal is to give you the support you need to help manage your health and help maintain your independence.

To be eligible to enroll in this plan you must have been diagnosed with:

At le	east one of these conditions
	Chronic heart failure
	Diabetes mellitus
Or,	one of the following Cardiovascular disorders
	Cardiac arrhythmias
	Coronary artery disease
	Peripheral vascular disease
	Chronic venous thromboembolic disorder

² For 2022, this plan participates in the Part D Senior Savings Model which offers lower, stable, and predictable out of pocket costs for covered insulin through the different Part D benefit coverage stages. You will pay a maximum of \$35 for a 1-month supply of Part D select insulin drugs during the deductible, initial coverage and coverage gap or "donut hole" stages of your benefit. You will pay 5% of the cost of your insulin in the catastrophic stage. This cost-sharing only applies to members who do not qualify for a program that helps pay for your drugs ("Extra Help").

³ Limited to a 30-day supply

Your drug coverage

Make sure your drugs are covered

Review the Drug List (Formulary) in this Enrollment Guide to make sure your prescription drugs are covered by the plan. You should also review the Benefit Highlights in this guide for copays and supply amounts.

The amount you pay for covered drugs depends on these 4 things:

1. Drug tiers

Many plans group covered drugs into tiers. Generally, the lower the tier, the less you'll pay. All drugs in the Drug List are assigned to one of these tiers.

¹ And select insulin drugs

It's important to know not all generic drugs are lower cost. There are generic drugs in each tier. Be sure to check the Drug List to find out which tier your generic drug is in.

If your drug is in a higher, more expensive tier, ask your doctor if a lower cost alternative could work for you.

2. Where you fill your prescriptions

There are thousands of national and local pharmacies in our network. You'll need to use network pharmacies to have the plan pay their share for your prescriptions. Visit **www.myUHCMedicare.com** to find a location near you.

Simplify with prescriptions delivered to your door

You have a \$0 copay for a 100-day supply of Tier 1 and Tier 2 drugs with OptumRx, our preferred home delivery pharmacy.

OptumRx will send the prescriptions you take regularly right to your door with no cost for standard shipping. Save time by registering online at **www.OptumRx.com** to order new prescriptions, request refills and more.

3. Prescription drug payment stages

The amount you pay for prescription drugs may change during the year depending on which drug payment stage you're in. Members move through the stages in the order below.

Annual Deductible	Your plan has no deductible for drugs in lower tiers. Your coverage for drugs in these tiers begins in the Initial Coverage stage.
	For drugs in tiers with an annual deductible, you'll pay the full cost of your drugs until you meet the annual deductible amount. After you meet the deductible, your coverage moves to the Initial Coverage stage.
Initial Coverage	In this stage, you will pay a copay or coinsurance for your drugs until the total drug cost (the amount paid by you and your plan) reaches \$4,430.
Coverage Gap (Donut Hole)	After your total drug costs reach \$4,430, you will pay no more than 25% coinsurance for generic or brand name drugs, for any drug tier during the Coverage Gap.
	If you use a covered insulin, you will continue to pay a flat copay through the Coverage Gap.
Catastrophic Coverage	After your total out-of-pocket costs reach \$7,050, you will pay the greater of \$3.95 copay for generic (including brand drugs treated as generic), \$9.85 copay for all other drugs or 5% coinsurance.

4. Extra Help from Medicare

People with limited incomes may qualify for Extra Help to pay for their prescription drugs. If you qualify, Medicare could pay for some, or all of, your drug costs including premiums, deductibles and copays. Additionally, if you qualify, you won't have a Coverage Gap or a late enrollment penalty. Many people qualify for these savings and don't even know it.

For more information about Extra Help, contact your local Social Security office or call Social Security at **1-800-772-1213**. TTY users should call **1-800-325-0778**. You can also apply for Extra Help online at **www.socialsecurity.gov/prescriptionhelp**.

Additional drug coverage is available with this plan

Part D Senior Savings Model: This plan has lower, stable out-of-pocket costs for covered insulin. You will pay a maximum of \$35 for a 1-month supply of Part D select insulin drugs during the deductible, Initial Coverage and Coverage Gap or "Donut Hole" stages of your benefit. You will pay 5% of the cost of your insulin in the Catastrophic Coverage stage. This cost sharing only applies to members who do not qualify for a program that helps pay for your drugs ("Extra Help").

Bonus Drug Coverage: This plan covers some prescription drugs that are not covered by Medicare Part D. This includes Vitamin D (50,000), Sildenafil (generic Viagra), Cyanocobalamin (Vitamin B-12) and Folic Acid (1 mg). These drugs are covered in Tier 2 and are in addition to the ones listed in the plan's Drug List and may not be available with other plans.

Other pharmacies are available in our network.

\$0 copay may be restricted to particular tiers, preferred medications, or home delivery prescriptions during the initial coverage phase and may not apply during the coverage gap or catastrophic coverage stage. OptumRx is an affiliate of UnitedHealthcare Insurance Company. You are not required to use OptumRx home delivery for a 100-day supply of your maintenance medication.

^{*\$0} cost-share for network dental care, specified services only. If you choose to see an out-of-network dentist you might be billed more, even for services listed as \$0 copay. Generally, an out-of-network provider will submit a claim on your behalf. If your provider does not submit the claim on your behalf and you pay for out-of-network services, please call the number on the back of your UnitedHealthcare ID card for assistance on how to submit your request for reimbursement.

Exclusions may apply:

- 1. Services performed by an out-of-network dentist if your plan does not have out-of-network coverage.
- 2. Dental services that are not necessary.
- 3. Hospitalization or other facility charges.
- 4. Any dental procedure performed solely for cosmetic and/or aesthetic reasons.
- 5. Any dental procedure not directly associated with a dental disease.
- 6. Any procedure not performed in a dental setting.
- 7. Reconstructive surgery of any type, including reconstructive surgery related to a dental disease, injury, or congenital anomaly.
- 8. Procedures that are considered experimental, investigational or unproven. This includes pharmacological regimens not accepted by the American Dental Association Council on dental therapeutics. The fact that an experimental, investigational or unproven service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in coverage if the procedure is considered to be experimental, investigational or unproven in the treatment of that particular condition.

- 9. Service for injuries or conditions covered by workmen's compensation or employer liability laws, and services that are provided without cost to the covered persons by any municipality, county, or other political subdivision. This exclusion does NOT apply to any services covered by Medicaid or Medicare.
- 10. Expenses for dental procedures begun prior to the covered person's eligibility with the plan.
- 11. Dental services rendered (including otherwise covered dental services) after the date on which individual coverage under the policy terminates, including dental services for dental conditions arising prior to the date on which individual coverage under the policy terminates.
- 12. Services rendered by a provider with the same legal residence as a covered person or who is a member of a covered person's family, including a spouse, brother, sister, parent or child.
- 13. Charges for failure to keep a scheduled appointment without giving the dental office 24 hours notice.
- 14. Any services not listed above are not covered.

The provider network may change at any time. You will receive notice when necessary.

Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Summary of benefits

January 1st, 2022 - December 31st, 2022

The benefit information provided is a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. The Evidence of Coverage (EOC) provides a complete list of services we cover. You can see it online at www.UHCMedicareSolutions.com or you can call Customer Service for help. When you enroll in the plan you will get information that tells you where you can go online to view your Evidence of Coverage.

About this plan.

UnitedHealthcare® Medicare Gold (Regional PPO C-SNP) is a Medicare Advantage RPPO plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live within our service area listed below, and be a United States citizen or lawfully present in the United States.

UnitedHealthcare® Medicare Gold (Regional PPO C-SNP) is a Chronic or Disabling Condition Special Needs Plan designed to specifically help people who have one or more of the following conditions: Cardiovascular Disorders, Chronic Heart Failure, and Diabetes.

Our service area includes Texas.

Use network providers and pharmacies.

UnitedHealthcare® Medicare Gold (Regional PPO C-SNP) has a network of doctors, hospitals, pharmacies, and other providers. With this plan, you have the freedom to enjoy nationwide access to care at in-network costs when you visit any provider participating in the UnitedHealthcare® Medicare National Network (exclusions may apply). Plus, you have the flexibility to visit any provider nationwide who accepts Medicare. You may pay a higher copay or coinsurance when you see an out-of-network provider. When looking at the following charts you'll see the cost differences for network vs. out-of-network care and services. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to www.UHCMedicareSolutions.com to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered, and if there are any restrictions.

2021 Medicare star ratings

UnitedHealthcare - R6801

Every year, Medicare evaluates plans based on a 5-star rating system. Medicare Star Ratings help you know how good a job our plan is doing. You can use these Star Ratings to compare our plan's performance to other plans. The two main types of Star Ratings are:

- 1. An Overall Star Rating that combines all of our plan's scores.
- 2. Summary Star Rating that focus on our medical or our prescription drug services.

Some of the areas Medicare reviews for these ratings include:

- ☐ How our members rate our plan's services and care;
- ☐ How well our doctors detect illnesses and keep members healthy;
- ☐ How well our plan helps our members use recommended and safe prescription medications.

For 2021, UnitedHealthcare received the following Overall Star Rating from Medicare.

★ ★ ★ 3.5 stars

We received the following Summary Star Rating for UnitedHealthcare's health/drug plan services:

Health Plan Services: ★ ★ ★ ★ 3.5 stars

Drug Plan Services: ★ ★ ★ ★ 3.5 stars

The number of stars shows how well our plan performs.

★ ★ ★ ★ ★ 5 stars - Excellent

★ ★ ★ ★ 4 stars - Above Average

★ ★ ★ 3 stars – Average

★ ★ 2 stars - Below Average

★ 1 star - Poor

NOTES

Drug list

Drug list

This is a complete alphabetical list of prescription drugs covered by the plan as of October 1, 2021. This list can change throughout the year. Call us or go online for the most up-to-date information. Our phone number and website are listed on the back cover of this book.

□ Brand name drugs are in bold type. Generic drugs are in plain type
 □ Your plan may have an annual prescription deductible

☐ Covered drugs are placed in tiers. Each tier has a different cost

Tier 1: Preferred generic

Tier 2: Generic

Tier 3: Preferred brand Select Insulin Drugs*

Tier 4: Non-preferred drug

Tier 5: Specialty tier

□ This plan participates in the Insulin Senior Savings Program*. You will pay a maximum of \$35 for a 1-month supply of Part D select insulin drugs during the deductible, Initial Coverage and Coverage Gap or "Donut Hole" stages of your benefit. You will pay 5% of the cost of your insulin in the Catastrophic Coverage stage. This cost sharing only applies to members who do not qualify for a program that helps pay for your drugs ("Extra Help")

See the Summary of Benefits in this book to find out what you'll pay for these drugs
 Some drugs have coverage requirements, such as Prior Authorization or Step Therapy. For more information, please contact us or view the complete drug list on our website

Additional covered drugs

Your plan has additional coverage for the prescription drugs listed below. These drugs are not normally covered in a Medicare Advantage plan with prescription drug coverage. The amount you pay when you fill prescriptions for these drugs does not count toward your total drug costs. This means, the amount you pay doesn't help you qualify for catastrophic coverage. Also, if you're receiving Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs.

Drug Name	Drug Tier	Restrictions
Vitamins		
Folic Acid (1mg tablet)	2	
Cyanocobalamin (1000mcg/ml vial)	2	
Ergocalciferol (50000mcg capsule)	2	
Erectile Dysfunction		
Sildenafil (25mg tablet)	2	Maximum of 4 tablets per 30 days
Sildenafil (50mg tablet)	2	Maximum of 4 tablets per 30 days
Sildenafil (100mg tablet)	2	Maximum of 4 tablets per 30 days

Medicare Advantage Plans (Part C) and Cost Plans

Medicare Health Maintenance Organization (HMO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

Medicare HMO Point-of-Service (HMO-POS) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. HMO-POS plans may allow you to get some services out of network for a higher copayment or coinsurance.

Medicare Preferred Provider Organization (PPO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors, providers and hospitals but you can also use out-of-network providers, usually at a higher cost.

Medicare Private Fee-For-Service (PFFS) Plan — A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

Medicare Special Needs Plan (SNP) — A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

Medicare Medical Savings Account (MSA) Plan — MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

Medicare Cost Plan — In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

Stand-alone Medicare Prescription Drug (Part D) Plan

Medicare Prescription Drug Plan (PDP) — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans, and Medicare Medical Savings Account Plans.

Other related products

Medicare Supplement (Medigap) Products — Insurance plans that help pay some of the out-of-pocket costs not paid by Original Medicare (Parts A and B) such as deductibles and coinsurance amounts for Medicare approved services.

Dental/Vision/Hearing Products — Plans offering additional benefits for consumers who are looking to cover needs for dental, vision, or hearing. These plans are not affiliated or connected to Medicare.

Hospital Indemnity Products — Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

Chronic conditionpre-assessment form

In order to enroll in a Chronic Condition Special Needs Plan, Medicare requires that your chronic condition be verified by your primary care provider or treating physician's office. This is a two-part process:

- 1. Answer the questions below, sign, and complete the information requested on page two under APPLICANT so that we can have your provider verify your chronic condition.
- 2. Send the completed form along with your application. We will use the form to have your provider confirm your chronic condition.

To be completed by the applicant or by authorized legal representative

By completing this form, I agree to the following:

	☐ I must keep both Part A and Part B to stay in UnitedHealthcare. I must keep paying my Part B
	premium if I have one, unless Medicaid or someone else pays for it.
	☐ I understand that people with Medicare are generally not covered under Medicare while out of
	the country, except for limited coverage near the U.S. border. This plan covers emergency and
	urgent care outside of the U.S. See the Summary of Benefits for more information.
	□ I understand that when my UnitedHealthcare coverage begins, I must get all of my medical and
	prescription drug benefits from UnitedHealthcare. Benefits and services authorized by
	UnitedHealthcare and contained in my UnitedHealthcare "Evidence of Coverage" document
	(also known as a member contract or subscriber agreement) will be covered. Without
	authorization, neither Medicare nor UnitedHealthcare will pay for benefits or services.
	☐ If I currently have Medicare Supplement Insurance (Medigap), I will cancel it in writing. I, not
	my agent, must cancel. I will cancel after my new plan tells me I've been accepted into the
	plan.
	□ Release of Information: By joining this Medicare Advantage Plan or Medicare Prescription

PRIVACY ACT STATEMENT: The Centers for Medicare & Medicaid Services (CMS) collects information from Medicare plans to track beneficiary enrollment in Medicare Advantage (MA) or Prescription Drug Plans (PDP), improve care, and for the payment of Medicare benefits. Sections 1851 and 1860D-1 of the Social Security Act and 42 CFR §§ 422.50, 422.60, 423.30 and 423.32 authorize the collection of this information. CMS may use, disclose and exchange enrollment data from Medicare beneficiaries as specified in the System of Records Notice (SORN) "Medicare Advantage Prescription Drug (MARx)", System No. 09-70-0588. Your response to this form is voluntary. However, failure to respond may affect enrollment in the plan.

Enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Customer Service Representative at the number listed on the back cover of this book.

Understanding the Benefits

EAR HERE

Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor. Call us or go online to view a copy of the EOC. Our phone number and website are listed on the back cover of this book.

Review the Provider Directory (or ask your doctor) to make sure the doctors you see now are in the network.

Review the Pharmacy Directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understanding Important Rules

In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.

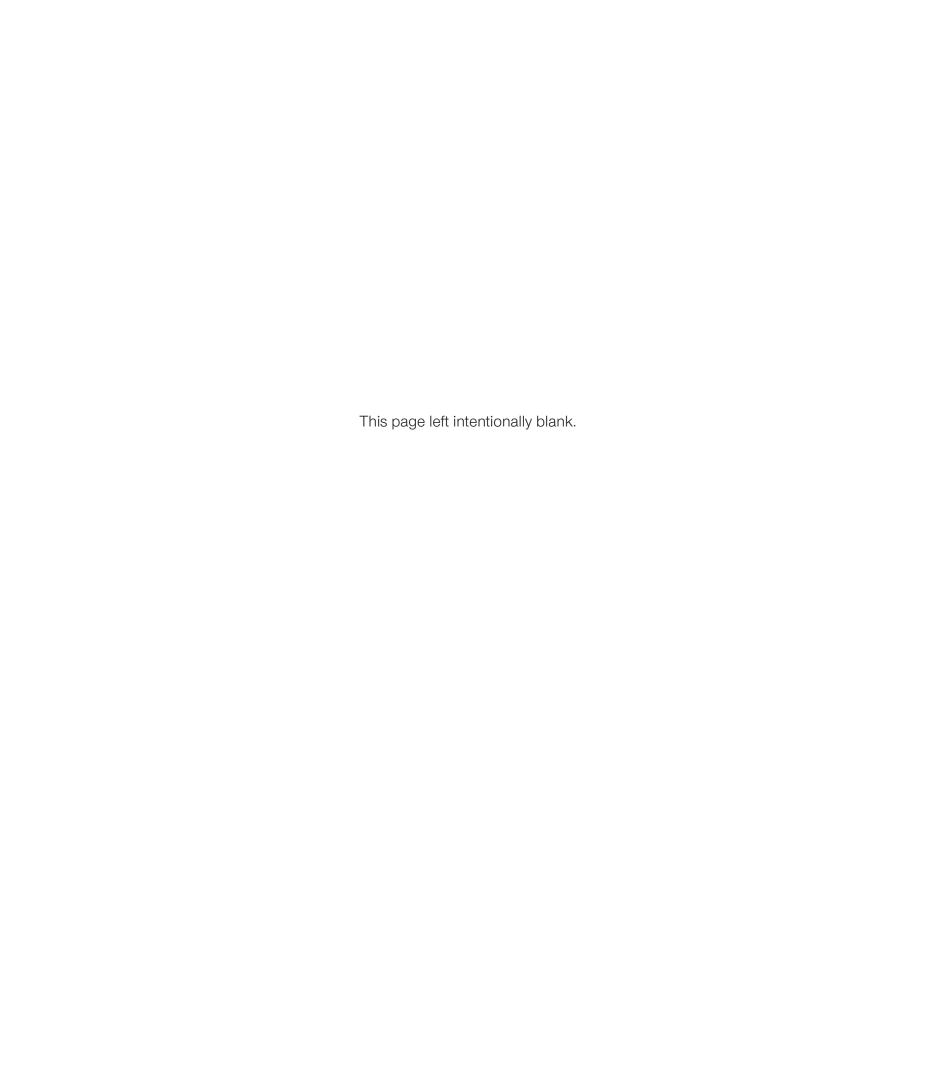

Benefits may change on January 1 of each year.

Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you may pay a higher copay for services received by non-contracted providers.

This plan is a Chronic Condition Special Needs Plan (C-SNP). Your ability to enroll will be based on verification that you have a qualifying specific severe or disabling chronic condition.

2022 Enrollment receipt

To be completed if enrolling with a Licensed Sales Representative.

Please use this as your Temporary Proof of Coverage until Medicare has confirmed your enrollment and you receive your UnitedHealthcare® member ID card. This receipt is not a guarantee of enrollment.

This copy is for your records only. Please do not resubmit enrollment.
